

ADVERT: Senior hydrogeologist

Delta-h Water Systems Modelling is a specialist groundwater company, with a focus on groundwater resources management and numerical modelling. The **Cape Town office** is looking for a dedicated professional to join the team, initially on a 6-month fixed term contract.

Applications are also welcomed from independent consultants who can operate on a preferred sub-contractor basis.

Role:

- Contribution to and management of projects covering all aspects of groundwater resources management, for private and public sector clients.
- Includes site work for groundwater monitoring, drilling, pump testing, data processing and interpretation, preparation of model data inputs, factual and interpretative reports.

Skills required:

- Field experience in groundwater monitoring, sampling, pump test supervision, drilling supervision. Practical skills for on-site problem solving are essential.
- Working knowledge of GIS, computer proficiency, able to self-teach new software (aqtesolv, SPRING, QGIS).
- Good verbal and written communication.
- Self-motivated and able to research and work on own initiative, managing own time efficiently.
- Strong work ethic, be driven to succeed, and able to work independently and as part of a small, dedicated team.

Minimum requirements:

- BSc (Hons) and MSc in Hydrogeology, Geology or Geochemistry or related field
- SACNASP registered
- Drivers licence, willingness to travel
- 5+ years' working experience in a consulting environment

Remuneration: Market related and dependent on candidate experience.

Office location: Kommetjie, Southern Peninsula, Cape Town.

To apply:

- Send CV, cover letter, matric and university transcript, and example of written work (extract of consulting report or thesis), to helen@delta-h.co.za.
- Candidates are encouraged to research Delta-h (if the company is not already known to them), and only apply if they believe they are a good match, and are interested to work in a small company environment.

Closing date, start date, contract period:

- Closing date for applications: 10 August 2018. Start date 1 October 2018 or sooner.
- Contract type: a fixed term contract of 6-months.
- We will not be able to communicate with all candidates; if you don't hear from us please assume you have been unsuccessful.
